REQUEST FOR PROPOSALS FOR SOLAR HOT WATER PROJECTS

The Climate Trust is now soliciting proposals on behalf of the Colorado Carbon Fund for the installation of solar hot water technologies at large buildings to displace the use of fossil fuels (such as natural gas, propane, or diesel) for water heating.

- Support for selected projects will be provided as a carbon offset purchase agreement between the awardees and the Colorado Carbon Fund via The Climate Trust.
- Nonprofits, government agencies, for-profit businesses, or combinations of these parties, are eligible to submit proposals.
- Typical project sites may include recreation centers, hospitals, hotels, prisons, or other facilities which use large amounts of hot water.
- Projects must be located in the State of Colorado.
- The Climate Trust is offering up to \$250,000 total, which will be divided between no more than five awards.
- A bidder's conference will be held on Thursday, January 14, 2010 at 11am MST. Contact mthilges@climatetrust.org to register.
- Proposals are due on Thursday, February 4 at 5pm MST.
